

PAYMENT FOR THE SALE OF WATER BY HYDRANT CARRIACOU

The National Water and Sewerage Authority (NAWASA) advises customers in Carriacou requesting truck borne supply, that all payment transactions should be made directly to the water truck operators.

Payment transactions to the Operators will cover:

- Transportation fee
- Required volume of water

With these changes in operation, NAWASA will not be offering credit for any such purchases.

The Authority apologizes for any inconveniences caused as a result and thanks consumers for their understanding.

NAWASA....committed to meeting customers' needs
